PROFESSIONAL SUMMARY

Information Systems student at Arizona State University with a cybersecurity focus and a 3.76 GPA, seeking a cybersecurity or information technology internship. Academic experience in programming, database systems, web development, and HCI, with current coursework in information security, networking, operating systems, and intermediate database management. Developing hands-on experience with Python, PowerShell, and VMware.

EDUCATION

Arizona State University

Information Technology (BS)

Expected May 2028

- Cybersecurity focus with a GPA of 3.76
- Dean's List Fall 2025 and Spring 2026
- Relevant Coursework: Information Modeling, Storage & Retrieval; Web programming for HCI; Object-Oriented Programming & Data; Foundations of Information & Computer Systems Security; Internal Networking; OS Architecture; Intermediate Database Management Systems

Korean Language Certificate

May 2026

- Intermediate Korean language proficiency
- Included courses in Korean language, culture, literature, history, and society

PROJECTS

Password Strength Checker

github.com/ehshewell

- Python application that evaluates password strength using a scoring system that classifies passwords as weak, medium, or strong based on password characteristics.

Cross-Cultural HCI Web Project

- Designed and developed a website using HTML, CSS, and JavaScript while exploring how culture and language influence user experience and interface design in Korean contexts. Included information from company and university visits in Seoul, Korea.

TECHNICAL SKILLS

- **Programming and Web:** Java, JavaScript, Python, HTML, CSS
- **Tools:** GitHub, VS Code, Microsoft Office, Cisco Packet Tracer
- **Databases:** MySQL, MySQL Workbench, SQL
- **Currently Learning:** PowerShell, VMware networking & OS fundamentals

WORK EXPERIENCE

- **North Italia | Backserver (2025 - Present)**
 - Collaborate with servers and kitchen staff to support efficient guest service during high-volume shifts.
 - Maintain organized dining and service areas while responding quickly to team and guest needs.
- **Walmart | Front-End Associate (2022 - 2023)**
 - Troubleshoot customer payment and point-of-sale issues and assisted with successful transaction completion.
 - Provided responsive customer service while maintaining an organized front-end environment.
- **Higley Youth Sports Camps | Volunteer & Camp Supervisor (2021, 2022, 2023)**
 - Supervised practice sessions, demonstrated sports skills, and supported event organization and instruction.
